University-level Elective *	<i>Note the requirement is for 9.0 credits, typically comprised of 3 x 3.0 credit courses</i>	9.0
		15.00

*** Notes:**
Electives

Please see advising for assistance in selecting electives if you are wishing to pursue a specific career path such as elementary education by taking a Professional Development Program.

Quantitative/Analytical Courses

Quantitative/Analytical courses are defined as courses which have either quantitative (numerical, geometric) or formal (deductive, probabilistic) reasoning as part of their primary subject matter, or make substantial use of such reasoning in practical problem solving, critical evaluation, or analysis. A Quantitative/Analytical course is a requirement of all University baccalaureate degrees as per Capilano University Senate policy S2009-03.

Please see Capilano University website or meet with Advising for details of acceptable courses to fill this requirement.
