Dr. Jennifer Wade established this award to support deserving students in the Business & Global Stewardship programs at Capilano University.

Jennifer Prosser Wade was born and brought up in India where her father served as a medical doctor with the British Army. Her father's family is an old Maritime family, and it was in the Maritimes at the University of New Brunswick that she received her B.A. in English. She then went on to do postgraduate work at University College, London, England.

Although writing, editing, and teaching have been her career, human rights work has dominated her life. She has been associated with Amnesty International since its beginnings in London in 1961, and she was a founding member of Amnesty International in Vancouver in 1974.

While working and teaching in the American South, she participated in the Civil Rights Movement in Atlanta, Georgia, during the Martin Luther King years. Later, in New York, Halifax, and Vancouver, she worked with refugee families and children's causes. She has served on both the Vancouver and the National Board of the Elizabeth Fry Society, and she has worked for reform in foster care advocating a family village association for children in care much like the Austrian SOS Children's Villages (excerpt from S. Patterson, UNB).

Dr. Wade has also served on the boards of the United Nations Association in Vancouver and the World Federalists. The focus of much of what she has done, however, has been working with individuals seeking some form of redress for injustices they have endured. In 1994 Jennifer Wade received the United Nations Association Renate Shearer Award for an "outstanding contribution to international human rights." Then in 1996 she received a Doctor of Letters degree from the University of New Brunswick for "years of selfless devotion to human causes." ### **Hungarian Exchange Award (#0707)**

Capilano University is committed to attracting international students. International students enrich classrooms and broaden perspectives within our learning community. Visiting students present approaches - ways of thinking, seeing, and understanding issues - that are outside common Canadian points of view. These important interactions often lead to the development of new, shared meaning and can be immensely valuable "on the job" for students post-graduation when they find themselves in a diverse work environment or dealing with colleagues and clients in other parts of the world.

This scholarship has been created by Catherine and Les Vertesi in the names of Les' parents, Miklos and Anna Vertesi. StudentAid BC (SABC) helps eligible students with the cost of their post-secondary education through loans, grants and other special financial aid programs. SABC programs are based on unmet financial need providing financial assistance where applicants do not have the resources to meet the costs of post-secondary education and sometimes, basic living expenses. If you are a resident of BC and meet SABC eligibility criteria apply on-line at [www.studentaidbc.ca](http://www.studentaidbc.ca) (Note: Capilano students apply each term of study). The latest you can apply is six weeks before your study period ends.

**Studying at two schools?** If you are applying for government student loans and studying at two different post-secondary institutions concurrently, contact Financial Aid and Awards at your home school to complete a Split Enrolment Form.

### **Government Student Loans for Out-of-Province**

Students who have not resided in BC for at least one year prior to the start of their study period must apply for government student loan funding through their home province/territory in which they resided for a minimum of one year.

### **Study Abroad and Student Loans**

If you are planning to study abroad while receiving government student loans contact Financial Aid and Awards at [finaid@capilanou.ca](mailto:finaid@capilanou.ca) well in advance of your departure as you may require a Power of Attorney to handle your important documents while you are away.

### **Change in Course Load**

If you are receiving government student loans and drop or withdraw from any or all of your courses you may no longer be eligible to maintain your government student loan or receive future funding from the program. You are strongly encouraged to immediately contact Financial Aid and Awards for advising before you reduce your course load.

### **Interest-Free Status**

If you are studying full-time and are no longer receiving funding through StudentAid BC you may apply for interest-free status to delay paying back your government student loans if you meet eligibility criteria. Visit [www.studentaidbc.ca](http://www.studentaidbc.ca) for information and instructions on how to apply.

### Federal Grants and Bursaries

Grants are non-repayable funds to help students and their families manage the cost of post-secondary education. Grants are assessed as part of your SABC application. Grant and bursary funding is sent by cheque or distributed via a certificate of eligibility by the organization that administers the grant or bursary program if you are a recipient. ### **Budgeting for Your Education**

- Develop a personal budget as a new student and to update it each year
- It's never too late to start even if you are a returning student attempting a personal budget for the first time.
- Attend a workshop on campus in fall and spring term conducted by Financial Aid and Awards. Topics include Understanding Your Student Loans, Student Money Management, and Awards Lab.
- Book an advising appointment with a Financial Aid and Awards Officer to build and review your budget
- Your budget shows where money is being allocated (total income less total expenses).
- Be realistic! Budget for an emergency situation so that you have funds to draw upon in an unexpected situation.

**Fixed Costs:** Items that are considered fixed costs include rent, utilities, transportation, insurance etc.

**Variable Costs:** Variable costs fluctuate such as food, entertainment and clothing.

**Budget Worksheet:** A sample budget worksheet on the next page may assist you in your financial planning.

### **Moderate Standard of Living (MSOL)**

Personal living costs may vary greatly depending upon personal living situations. The Moderate Standard of Living Allowances (MSOL) may assist you in preparing a budget. StudentAid BC (SABC) and the Financial Aid and Awards at Capilano refer to the MSOL and work with maximum allowable living expenses created to treat government student loan applicants fair and equitably.

## Financial Institutions

Financial Institutions offer a variety of products and services for students.

Student lines of credit (LOC) are an alternative to government student loans. Provided you have good credit and/or an approved endorser you may apply for a LOC to assist with covering your program and living costs while attending school. Ensure you review the re-payment terms with your bank so that you maintain your loan in good standing while studying and upon graduation. Unlike government student loans, LOCs begin accumulating interest when funds are withdrawn and typically, minimum monthly interest payments are required.

Although Financial Aid and Awards does not endorse any particular bank, this list may act as a guide and is not exclusive. It is recommended that you visit the websites of the banks of your choice and contact them directly:

## Credit Score

A credit score/rating is an assigned number by a credit agency (Trans Union and Equifax are typical agencies in Canada) that represents your overall risk as a borrower to a creditor. A credit score is determined by many factors including the length of your credit history, payment history, and the amount of debt you currently owe. Your goal is to demonstrate your potential to creditors that you can handle credit responsibly. Whether you are using a credit card, leasing a vehicle, or borrowing government student loans, these are all examples where your borrowing and payments are monitored by credit agencies. It is important to meet payment deadlines and remain in good standing with your credit providers as it will impact future borrowing options for you.
